ONE-BUTTON ALARM TERMINAL

Visual One-Button Emergency Alarm Intercom Terminal

Model **DH-X2-T1**

01 Overview

24/7 security protection for campuses, communities and hotels

Frost-resistant metal exterior with enhanced lighting for emergency calls; integrates HD video intercom, one-button emergency call, and AI alarm capabilities.

VIDEO HD Video Intercom	CALL One-Button Emergency Call	AI AI Intelligent Alarm
METAL Metal Exterior	LIGHT Emergency Lighting	24/7 Continuous Protection

Key Features

SHORT LIST

- ✓ Anodized metal panels
- ✓ Integrated compact design
- ✓ Industrial-grade protection structure
- ✓ Dustproof, explosion-proof, anti-interference
- ✓ HD video intercom + dual supplementary lights
- ✓ AI intelligent alarm
- ✓ Cloud integration + multi-terminal communication
- ✓ Age-friendly / emergency-ready design

Specifications

Processor	High-performance Embedded SOC Processor	Network Port	10/100M Adaptive Ethernet Port
Operating System	Embedded LINUX Operating System	Fill Light	2 pcs
Sensor	2MP CMOS Sensor	Alarm Interface	1× Switch Input, 1× Switch Output
Network	Wired/WiFi/4G	Power Supply	POE/DC 12V 1A
Video Compression	H.264/25FPS	Power Consumption	≤10W
Audio Input	Built-in High-sensitivity Omnidirectional Microphone	Material	Anodized Aluminum Brushed Panel
Audio Output	Built-in 10W Speaker + 30W Power Amplifier Output	Overall Dimensions	105mm×164mm×41.5mm
Audio Format	G.711, G.713, GSM, PCM	Installation Method	Wall-mounted
Sound Quality	Professional Echo Cancellation and Noise Suppression	Operating Temperature	-30°C~75°C
Network Protocol	SIP, TCP/IP, DNP
